Software and Services for Integrating Enterprise Product Development

Is your PDM, CAD or eCommerce implementation falling short of process improvement goals? Are you struggling with getting innovative products released to manufacturing sooner? Are you realizing the full potential of your software purchases? Are you disappointed with slow progress?

We can help. We bring a vision calibrated by worldwide experience together with hands-on expertise to accelerate your implementation of enterprise-wide eBusiness solutions. Where else could you find:

- ◆ A management team with an average of 21 years guiding PDM and CAD implementations
- ◆ Twenty-five CAD experts totaling over 150 person years of hands-on experience
- ◆ Forty PDM implementation experts with a total of over 140 person years PDM experience
- ◆ The recognized worldwide Integration Source for CAD, PDM, ERP, SCM and ERP.

The WAMware Group – vision and expertise to assure the success of your enterprise solution – by filling the “whitespace” amongst the eBusiness Islands of automation.

Engineering and PDM Services

- ◆ **Process Consulting** — audits and management consulting to impact your implementation
- ◆ **Mentoring** — experts that visit your site to incorporate best practices into your processes
- ◆ **Project Support** — on-site or off-site resource to accelerate your development projects
- ◆ **Document Conversion** — projects to convert existing paper or electronic drawings to full CAD solid models and parts catalogs
- ◆ **Training** — real-world experienced instructors provide standard or custom training courses, either at our facility or at your site

Software Products

- ◆ **Web-based Pre-PDM (I-FIND)** — enterprise access to drawings, parts, assemblies, ECOs
- ◆ **Web-based Design Control (I-PROCESS)** — assure visibility and traceability of all information and decisions within the design process
- ◆ **Out-of-the-Box Full Power PDM (MetaKON)** proven pre-configured PDM and E-business solutions up-and-running in weeks not years
- ◆ **Configurable User Interfaces (e-Center)** full productivity throughout your eBusiness
- ◆ **Parts Catalog System (PARTsolutions)** 680,000+ native parts for all leading CAD systems (web-based and workstation-resident)

WAMware and ECS are companies of the ECS WAMware Group.
